

Instructions for Suicide Prevention Training

The Jason Foundation

You must register with the Jason Foundation in order to receive credit for your suicide prevention training. First, go to jasonfoundation.com . This school year we will be officially **completing only MODULE 1** of the 4 available modules. However, if you are interested you may complete all 4 on your own time.

The site seems to work better with the **Google Chrome** browser if you have it. If you do not have Chrome installed you may attempt to complete the training with the Internet Explorer or FireFox browsers. If those browsers do not work you should install Chrome with the instructions at the end of this document.

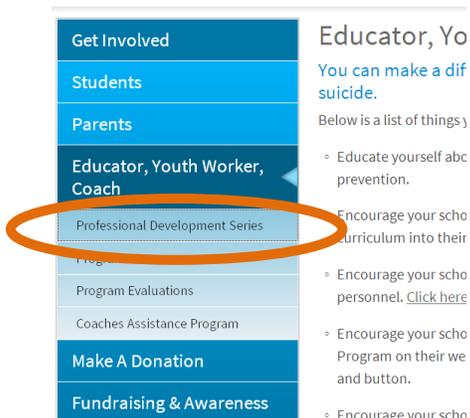

Here are the instructions for completing the Suicide Prevention Training.

Follow these instructions in order. If at any point you click on a link and your browser displays a blank page or you get a message saying you are forbidden to view this page it may help if you reload/refresh the page. This appears to be an idiosyncrasy of the Jason Foundation website.

1. At the bottom of the homepage click on the Educators, Youth Workers, Coaches link.
